Charity

# ONE offered free transportation of oxygen tanks to India to fight COVID-19

ONE supports India's ongoing fight against the second wave of COVID 19 with free freight transportation of empty ISO tank containers from Taiwan to Mundra for the consignee - Reliance Industries. The tank containers, upon reaching its destination, will contribute towards addressing the oxygen supply shortage that hampers COVID-19 care in India.

ONE Offices in Taiwan, Singapore and India came together to work as a synchronized team to execute this special shipment for charity purpose.

This special shipment is a social contribution activity under the ambit of ONE's CSR initiative. ONE will continue to stay committed to going beyond business and reaching out to society with compassion during this unprecedented COVID-19 crisis.
